
SHINE SYSTEMS

An SBA Certified HUBZone Small Business

CAPABILITIES BRIEF

Empowering decisive action with critical information wherever the mission requires.

ONE MISSION. ONE TEAM.

SHINE SYSTEMS
An SBA Certified HUBZone Small Business

COMPANY OVERVIEW

SHINE Systems was founded in 2007 and first deployed OCONUS in 2009. We have been recognized as an Inc. 500/5000 "Fastest Growing Private Company" four times in addition to being ranked #3 on Washington Technology's "Fast 50" list.

SHINE Systems supports mission execution for the IC, DoD and military services, DHS, CDC, HHS, DoEd, and others worldwide including combat zones.

Innovative solutions to challenges that arise in analytical, mission, training, and technical domains.

ONE MISSION. ONE TEAM.

This fundamental operating principle means that our mission is always aligned with yours.

Whether supporting intelligence gathering in a foreign theatre or improving processes at a Government agency, we put your mission first.

We provide forward-thinking, collaborative, and reliable service. We employ the right people, tools, and processes to empower your decisive action.
